Discovering The Divine Design Of Your Life

Note: Numbers are dual in nature and reflect potentials in both positive and negative polarities. Therefore, this chart does not reflect actualities or specifics but references the potentials inherent in the numerical combinations and patterns that exist. Please note that life is destined and therefore it is our attitude and spiritual mindset that positively affects our "Cards of Life."

## VOID CHART

Void	General Description - Issues Involving:
------	---

VOIDS are missing energies in our natal name at birth. They represent missing talents, abilities, attributes. When we have a void in our chart, we do everything in life either to fill them (unconsciously) or avoid them altogether. Voids often create challenges for us because we lack the skills we need to solve those problems associated with them. As we mature, hopefully we learn to manage them, thereby filling up the "holes" they represented at birth.

1	the self and its worth, independence, the yang--male influence, male principles, male figures, fathers, brothers, bosses, leaders, managers, action, leadership, creativity, ego, self-esteem, taking charge, standing up for one's self, being alone, drive, ambition.

## EXPANDED KEYWORDS/KEY PHRASE CHART

Note 1: every number maintains a positive and negative side (polarity), just as every coin has two sides. Furthermore, we cannot hold a coin without holding both sides simultaneously. The same is true for numbers, and our lives reflect both the positive and negative aspects of each vibration to some degree. In other words, no number is perfect, no chart is perfect, no human being is perfect. We all have assets and liabilities, good karmas and bad karmas.

Note 2: every single number has ten binary or two-digit numbers attached to it and which, when added together reduce to form that specific single number. We will discuss these more fully in the chapter on double numbers. They are listed here for reference.

Note 3: it would be impossible to list every word in the English language which is attached to each of the nine basic numbers. After all, there are only nine basic numbers and hundreds of thousands of words. Therefore, a complete keyword list would be impossible to generate. Below, however, are more words and phrases than simply those used in the basic keyword chart.

### FIVE - 5

(Fire) (Symbols: Wings - Wheels - Needles - Broken Chains)

14	23	32	41	50	59	68	77	86	95
----	----	----	----	----	----	----	----	----	----

Freedom, fire, change, movement, detachment, detaching, unorthodox, restless, restlessness, curious, curiosity, shifting, non-restriction, nonrestrictive, shifts, slavery, erratic, mercurial, spontaneous, excitement, experience, experiential, variety, talent, versatility, people, senses, sexuality, sensations, stimulation, motion, energy, mercurial, multi-faceted, many sided, assortment, exuberant, enthusiastic, exciting, spontaneous, foot-loose, flamboyant, dashing, energetic, vitality, vibrant, exploring, exposure, exhibitionist, adventurous, travel, unpredictable, unconventional, uncertain, the crowd, diverse, diversity, letting go, unrestrained, wild, free-spirited, rebellious, liberation, liberating, stimulating, stimulants, non-complacent, temperance, restraint, indulgence, animated, exuberant, flamboyant, volatile. TIME FRAME: a time of freedom, change, shifting, movement, uncertainty, detachment, letting go, exploring, investigating, experimenting, sexuality, sensual gratification; temperance and fidelity challenged; not a time to cling, but a time to let go and move on; also a time testing our true understanding of freedom which is not action devoid of consequence but action taken in consideration of consequence. Nothing is free in this universe. Everything has a cost. Action taken in pursuit of sensual pleasures, sense gratification, and wild sorties into the realms of indulgence create slavery and bondage and all the suffering, woes, and wailings associated with such incarceration. Contrarily, if the action of freedom is taken in consideration of consequence by following the inner voice of conscience, temperance, and restraint, the end result will be true freedom and liberation from sensual enslavement. The key note during a Five period is to be wise; look ahead to the results of your actions; exercise moderation and fidelity and do not step into the regions of material indulgence, for the sensuous footing is slippery, deceitful and absolutely enslaving. Nothing good comes from exploring the dark side of life and its pleasures where the soul risks falling into the dark abyss of eternal tears and sorrow.

### SIX - 6

(Water) (Symbol: Heart)

15	24	33	42	51	60	69	78	87	96
----	----	----	----	----	----	----	----	----	----

TIME FRAME: a time of matters of the heart, love issues, domestic (individual, personal, community, national, global) energies, concerns, responsibilities, possible addictions, romance, lust, sexuality. Here the individual will be given tests of lust vs. love, often painfully learning that lust is not love, that lust leads to disease, dis-ease, heartache, heartbreak, addictive enslavement, broken homes, broken lives, broken dreams. It is also a time where the individual may have to learn not to sacrifice his own soul for others. Every soul has a right to its own self before others.

I just finished reading "The King's Book of Numerology, Volumes 1 and 2." King's overall approach makes more sense to me than any other author on the subject. I've read Matthew Goodwin, Matthew Oliver, Hanz Decoz, Juno Jorden, Joanne Justice, Chero, Lloyd Stayhorn, Lynn Buess, Heather Lagen, Julian Moore, and others. King's approach is comprehensive and layered, seemingly leaving no numerical-stone unturned. The beginner will appreciate his initial simplicity and unique narrative that clearly connect this subject to its underlying spiritual-context in which all Numerology is based. Afterwards, the way he moves into a multi-layered synthesis, more representative of the human condition than any approach I've experienced, is extraordinary. Simply, this work is Immensely useful and actionable! After all, the motivation as to why we engage in Numerology is far more universal than to simply access insights into "who we are," "what makes us and others tick" — it is to live the best life possible!
