All the numerology concepts discussed in this ebook are thoroughly explained in '**The King's Book of Numerology, Volume I: Foundations & Fundamentals**' (KBN1) and '**The King's Book of Numerology, Volume 2: Forecasting – Part 1**' (KBN2).

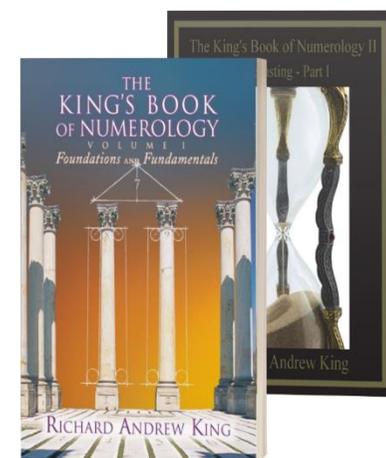

These two books are indispensable if you want to get a solid foundation of numerology. The KBN1 will give you a complete explanation of the Basic Matrix – the numerological blueprint of our lives illustrating the pattern and interrelationship of the energies and forces creating our destiny. A beautiful example of the Basic Matrix is given on page 2 of this ebook.

The KBN2 will guide you step-by-step through a process of basic forecasting. It will teach you the concept of Life Cycle Patterns and show you how to calculate your Life Matrix with its Epochs, Pinnacles and Challenges. You will also learn to compute your Age Timeline, your Personal Year Timeline and the Universal Timeline.

Available at [amazon.com](https://www.amazon.com)

The KBN1 and KBN2 are the most concept-dense, original and profound books on numerology I've read. They should be a must read for any serious and self-respecting numerologist. Numerologists who haven't read these two books are bullshitting.

WINSTON CHURCHILL

ARTISTIC HERO OF HIS TIME

When this war is over I shall confine myself entirely to writing and painting.

Winston Churchill

Times of great need manifest great leaders. During World War II, Great Britain was in need of a great leader to thwart Adolf Hitler and Nazi Germany's ambition of world domination. That leader, arguably the savior of England, was Winston Churchill.

Winston Leonard Spencer Churchill was born on 30 November 1874, dying on 24 January 1965 at the age of 90. He served as Prime Minister of the United Kingdom from 1940 to 1945 during World War II and again from 1951 to 1955. A highly educated man, Churchill was also a soldier, writer, historian, painter and Nobel Prize laureate in 1953 for literature.

Churchill was a great leader, but he was also a great artist on many levels. This King's Numerology™ e-book focuses on the numbers associated with his artistic talents of speaking, writing and painting — aspects of the 3-6-9 Artistic Triad.

Churchill's Basic Matrix gives us an introductory look at the numbers supporting his artistic talents.

BASIC MATRIX Winston Leonard Spencer Churchill 30 November 1874							
	Lifepath	Expression	PE	Soul	MS	Nature	MN
Simple	7	33-6	22-4	4	11-2	11-2	333-9
General	25	150	175	49	74	101	126
Specific	61	357	418	85	146	*272	333
Transition		15	13	13	11	11, 29	

Of initial note is the 33-6 of his Expression (derived from his full name *Winston Leonard Spencer Churchill*). The number 3 is the root cipher associated with art of all kinds — communicating, speaking, acting, painting, writing, sculpting, drawing, the media, etc. The 33 Master number indicates powerful artistic skills because it is eleven times three ($11 \times 3 = 33$).

When the two 3s are added together, the outcome is a simple 6 — the Crown of its 33 Master root. The number 6 is the number of love, harmony, nurturing, beauty, family, community, country. This tells us that the energies of love, family, etc. are rooted in creative talents. This 33-6 is very common in artists of all kinds. Located in the Expression, the 33-6 tells us Churchill is a highly gifted artist and communicator.

The next note, and a powerful one, is the massive 333-9 TriMaster in Churchill's Material Nature (MN), his basic personality. The 333 is three times one hundred and eleven ($3 \times 111 = 333$). Talk about

artistic ability! Furthermore, the Crown of the 333 is the 9 — the Grand Elemental. No number is more universal and powerful than the 9 and with his 333 TriMaster the 9 is massively creative and communicative.

But there's more. The first ascending binary number of the 333 is 66, another Master number! With this 66 energy of love and harmony, the 333 is blessed with even more beauty and artistic ability.

66
333

One final observation regarding the Basic Matrix. Notice the 272 root in Churchill's Specific Nature. This generates an 11-2 in reduction. What is interesting is that the 1st Ascending Layer is a 99! This tells us that within the 11-2 Nature, there is a powerful 99 Master number of universality, humanity, artistry. This 99 energy reveals power and dominance in the realm of others and relationships (2).

99
272
55

The 55 Master number in the 1st Descending position exemplifies an energy of extreme versatility, freedom, and change. The Master numbers 55 & 99 indicate that Churchill's basic personality (Nature) houses variety (55) and universality (99). The #5 is the *Number of Man* and the 9 is the *Number of Mankind*. Each of these is multiplied 11 times. Therefore, when we dig deeper into Churchill's basic nature, we see that hiding behind the 2 of relationship is massive versatility and universality.

House Of Letters

Basic No.	1	2	3	4	5	6	7	8	9
No. of genera	3	1	7	4	8	2	1	2	5
Specific Value	39	20	66	4	94	30	16	16	72

The artistic beat goes on. Churchill's 3rd House of Letters, aka Specific Inclusion, reveals a 66! The Third House is *the* first "holding space" of art and represents the numeric amalgam of the letters C, L, U. Simply put, the Master number 66 in the 3rd House represents a love (66) of art and communication (3).

Name Timelines

W	I	N	S	T	O	N	
5	9	5	1	2	6	5	=33
L	E	O	N	A	R	D	
3	5	6	5	1	9	4	=33

More evidence of Churchill's artistic talents are reflected in the names *Winston* and *Leonard*, both of which house a 33-6 Master number!

The length of time the name *Winston* is active is from birth through age 33. The *Leonard* timeline is from age 34 through age 66. Therefore, from birth through age 66, the Master number 33 was highly active, intensifying his 33-6 Expression. Add these 33 Masters to the 33 Expression, 333 MN, 66 and 99 and it is clear why Winston Churchill was such a dynamic artist and communicator.

Yet, there's still more! There are eleven components to the Life Matrix, which is the internal structure of the full birth date and its Lifepath — in Churchill's case, 30 November 1874. The eleven components are the three Epochs, four Pinnacles and four Challenges.

The Influence Reality Set (IR Set) Filter for each of the eleven components of the Life Matrix is Churchill's 33 Expression. This means that for his entire life the 33 Master number will have a major impact because the first number (LIST) of each IR Set will Filter through the 33 and its energy and thereby have a major "coloring" effect on the third number (ROPE). See the Life Matrix grid below.

For example, Churchill was born on 30 November. 30 is a 3 in reduction. The 3 represents the Lessons, Influences, Subjects and Themes (LIST) during the first 27 years of Churchill's life. When the 30 LIST energy Filters through his 33 Expression, the outcome is a 63 ROPE (Reality, Outcome, Performance, Experience). Therefore, the 1st Epoch Influence/Reality Set would be: 30/(33)/63. Reducing the 1st and 3rd numbers to single digits, the IR Set would be 3/(33)/9. We could reduce the 33 to a single number, which would generate a 3/(6)/9 Simple IR Set, but since the Filter is a Master number, we can leave it in the pattern to emphasize its power in the IR Set equation.

In this 3/(33)/9 IR Set, the powerful 33 Master energy has a major effect on the 9, making it even more creatively powerful than it would be if the Filter were a simple 6. Therefore, when the Expression is a Master number, it is advisable to show it as the Filter because a 3/(33)/9 energy pattern is much more dynamic than a simple 3/(6)/9 IR Set.

Kites rise highest against the wind - not with it.

Winston Churchill

In the Life Matrix chart, therefore, the 33 is used as the Filter to help us understand the manifested artistic and communicative power of the 9 — the outcome or ROPE energy.

With the 33 Filter, every one of the eleven components of the Life Matrix ROPE energies is heavily influenced by energies of communication, creation, words, art, etc. Thus, Churchill's entire life is immersed in the 3-6-9 amalgam and the energies of the Artistic Triad. Add these eleven 33s to the other 3s, 33 and 333 and Churchill's enormous creative and communicative power becomes clear and obvious.

SUMMARY

Winston Churchill was a great leader of prodigious strength. Of this there is no doubt. However, as we've seen, and his numbers have proven, Churchill's creative and communicative abilities also manifested prodigious strength. It's a safe bet that most people might not see Winston Churchill as a great artist in multiple ways, but he was, and thanks to the science of numeric coding, i.e., numerology, we can revel in this truth of Winston Leonard Spencer Churchill — the "Artistic Hero of His Time."

You have enemies? Good.
That means you've stood up
for something, sometime in your life.

The truth is incontrovertible.
Malice may attack it, ignorance may deride it,
but in the end, there it is.

No crime is so great as daring to excel.

You only have to endure to conquer.

If you are going through hell,
keep going.

Never, never, never, never give up.

Success is not final, failure is not fatal:
it is the courage to continue that counts.

Winston Churchill
