Richard Andrew King

Numerologist & Author

An intense interest in understanding the mysteries of life and a desire to know and understand the 'Whys' and 'Wherefores' of our existence led Richard King to study the ancient metaphysical science and art of numerology, exploring, discovering and validating theories which explain life's mysteries and secrets. His research, experience and interest in this ancient science and art led him to design and formulate THE KING'S NUMEROLOGY© --a revolutionary numerology system of defining, describing and interpreting those energies and forces which comprise our lives and destinies.

King is also an accomplished martial artist. He founded and operates the Karate Institute of America. A true artist and spiritual teacher, King has a wide background in entertainment as an actor, producer, writer and television host. He is the author of 7 of books including the following published works available on his website and through Amazon.com.

Richard King is our #1 numerology reference. ~ Karen Prioletti & Ann Trump: The Saint Deck & Book

Richard Andrew King breaks new ground! It's almost as if the very Spirit of Numerology is using King as an instrument to evolve this ancient science to a new level. After learning from King's teaching, it is impossible to conceive of going back to that 'twilight naive and foggy' state of being where one can only guess or hint at the truths, motivations and directions of one's life that are Pre-King.

Richard Andrew King provided the most in-depth numerology reading I have ever received. His reading helped me to understand my entire life. I now understand my script, my path, and why some of the events of my life happened. It helped to take away the grief, the guilt and the pain. I could tell as soon as the reading began that Richard King was far more skilled and in depth than any reading I had ever received. Beginning numerology does not handle it. It takes a completely educated person to bring the subject all together. Richard Andrew King should be called Dr. King. His books are of the magnitude that will be read with reverence for generations to come.

I will say without hesitation that *The King's Numerology* is true and real. Richard Andrew King's knowledge of numbers changes intangible spirituality and divination into solid, practical, objective reality. In a word, Richard Andrew King brings science to the art and practice of divination and spirituality. He brings proof to the otherwise unprovable; solid evidence to the not-so-solid-universe of the divine. *The Kings Book of Numerology Series* contains new information that informs and predicts more completely and accurately than any previously published numerological work. I personally feel Richard Andrew King is bringing back the empowered sciences of long ago, information long since lost upon this plane. I would recommend *The Kings Book of Numerology Series* to everyone practicing or wanting to practice divination. All who read King's works will benefit and be blessed. Richard Andrew King is the best!
