~ Frank Monahan – BA, MA

*Richard Andrew King is the archeologist of numerologists.*

~ Toni Allocco, Numerologist

*Richard Andrew King should be called Dr. King. His books are of the magnitude that will be read with reverence for generations to come.*

~ Dr. Victoria Ford, J.D.

*Deep, detailed and prophetic. This information will change the way you live your life.*

~ Cyndi Silva – Metaphysical Wisdom

*Richard Andrew King breaks new ground! It's almost as if the very Spirit of Numerology is using King as an instrument to evolve this ancient science to a new level. After learning from King's teaching, it is impossible to conceive of going back to that 'twilight naive and foggy' state of being where one can only guess or hint at the truths, motivations and directions of one's life that are Pre-King.*

~ Hunter Stowers – BA, MA

*Richard Andrew King's knowledge of numbers changes intangible spirituality and divination into solid, practical, objective reality. He brings proof to the otherwise unprovable; solid evidence to the not-so-solid-universe of the divine. Richard Andrew King is bringing back the empowered sciences of long ago, information long since lost upon this plane.*

~ George Shaver – Metaphysician

*There can be no doubt about the validity of Richard Andrew King's research and intuitive use of numerology. His application of this metaphysical science goes well beyond other ancient schemes such as astrology and the enneagram in giving us direction by clarifying who and what we are.*

~ Dr. Emily Hancock, Harvard – Executive Editor, Moxie Magazine
