If you haven't subscribed to [our email list](#) yet, please do. You will be the first to get notified about our upcoming articles, books and ebooks.

All the numerology concepts discussed in this ebook are thoroughly explained in **'The King's Book of Numerology, Volume 2: Forecasting - Part 1'** (KBN2).

The KBN2 introduces you to the formulas, processes and timelines of determining individual life and destiny. It teaches you the principles of numerological forecasting using nine major timelines: Lifepath Timeline, Epoch Timeline, Pinnacle/Challenge Timeline, Name Timeline, Letter Timeline, Decade Timeline, Age Timeline, Universal Timeline and Personal Year Timeline.

These timelines create layers of vibratory fields of specific but varying duration through which we are moved during the course of our life. Each of these timelines is interlaced with every other timeline, yet each is separate in itself.

When you've studied the numerological principles outlined in the KBN2, you will begin to see there is definitely a life plan for each of us. That plan, that divine blueprint of destiny, is exact and unchangeable, but knowable, at least in general terms.

Once this awareness becomes established, your life will take on new meaning and, perhaps, you will even begin to awaken to greater spiritual truths. It is with this understanding that this book is offered.

Due to the sequential nature of the King's Book of Numerology series, it is highly recommended that you first study **'The King's Book of Numerology Volume 1.'**

## Life Changes and the number 5

Life changes, no doubt, but some life changes are more critical and drastic than others. In numerology the number 5 is the energy of change. There are multiple streams of 5 energy moving in your life and responsible for the changes you experience.

One of the gifts of numerology is that it allows you to decode the predictable energy patterns of circles and cycles of life, thus letting you forecast when changes will occur. It's very much like a weather satellite forewarning you of coming atmospheric conditions. Knowing this information is as valuable as knowing when a hurricane, storm or tornado is coming. By knowing, you never get blind-sided or sucker-punched by life.

Drawing from my professional martial arts teaching background spanning five decades, if you can't see a punch coming, how can you protect yourself from it? Simple answer - you can't. If you can't see, you can't fight. Vision is critical to success. By the same token, if you cannot see, or refuse to see, the oncoming changes of your life, how can you deal with them, let alone successfully.

The King's Numerology™ promotes the strategy of challenging the changes through courage, foresight, fortitude, knowledge and skill.

The information presented in this ebook will help you forecast the coming changes, giving you an opportunity to better prepare for the storms of life, not become victimized by them.

## The 5 Age Timelines

One of the primary energy streams of destiny is your age, labeled as the Age Timeline (ATL). Take a look at the following ages below. With the exception of the 5 in the fifth year of life, all the others (up to 95) will be a 5 in reduction. This is accomplished by adding the two ciphers of each binary (two digit number) together, reducing them, and continuing the process until the single number 5 is reached.

For example, take the number 95:  $9 + 5 = 14 \rightarrow 1 + 4 = 5$ .

### Chronological Ages of the Number 5

5	14	23	32	41	50	59	68	77	86	95
---	----	----	----	----	----	----	----	----	----	----

During each one of these 5-based ages, change will occur in everyone's life. How the change manifests in each life depends on each individual's personal energies. But take note: there will be changes during these eleven Age Timeline markers. To prove it to yourself, simply review your life when you were 5, 14, 23, 32, etc. Know then, too, that if you haven't reached a specific age yet, there will be changes when you get there. Thus, you can plan accordingly. You can also do this for anyone as long as you know their full natal data (birth date and birth name). Think how valuable this would be regarding your partner, children, parents!

However, how the changes in each of these years will affect you personally depends on what your Expression (full birth name) is.

If you don't know what single number governs your Expression, click [here](#) to learn how to easily calculate it.

The next step is to create a simple Influence/Reality Set (IR Set) for your Age Timeline (ATL) which consists of three parts:

1. The year: 5.
2. Your Simple Expression number.
3. The number derived from adding the year 5 to your Simple Expression.

This creates an *outcome number* which is known as the Performance/ Experience (or PE for short).

The formula looks like this:

Year/(Expression)/PE

Examples:

- 5 year of change/(+ a 2 Expression)/ = a 7 Outcome PE
- 5 year of change/(+ an 8 Expression)/ =  $13 \rightarrow 1+3$  = a 4 Outcome PE

Once you have calculated your Expression and determined the outcome energy (PE), go to the [Simple IR Set Chart](#) to read what your outcome number represents and what to generally expect during your 5-based age, whatever that age is - 23, 32, 41, 50, etc.

To pinpoint the year any 5-based age is active, simply add the age in question to your year of birth:

Age + Year of Birth = Age Timeline

One note. Remember that your Age Timeline Year starts on your birthday and proceeds through its 12 month cycle. It does not start on 1 January unless you were born on 1 January.

## Voids Within the IR Sets

Voids are missing letters (and their corresponding numbers) in the birth name.

1	2	3	4	5	6	7	8	9
A	B	C	D	E	F	G	H	I
J	K	L	M	N	O	P	Q	R
S	T	U	V	W	X	Y	Z	

They create problems in the destiny of an individual. The more voids, the more problems. If a void is located in an IR Set, its problems intensify in the area associated with its characteristics and attributes for the time period the void is active. If the void not only occurs in an IR Set but also does not occupy one of **the seven components of the Basic Matrix**, it creates havoc for the individual during the time frame in which the void occurs.

People who have voids (and most of us do) are disconnected from life to one degree or another. The individuals with many voids are highly disconnected, their lives exuding a plethora of problems.

This does not mean people without voids don't have problems in life. We all have problems, but what it does mean is that they potentially have fewer and less intense problems because their energetic "connections" are intact, giving them the opportunity of living a fuller, happier and more functionally integrated life.

## The Subcap Challenge

5	14	23	32	41	50	59	68	77	86	95
---	----	----	----	----	----	----	----	----	----	----

As we've learned, these are the chronological ages in which changes in one's life can be expected.

However, these are not the only ages in which life changes manifest. Take a look at the following binary ages. Can you spot the number 5 in each of them?

16	27	38	49	50	61	72	83	94
----	----	----	----	----	----	----	----	----

When the single numbers of each pair are subjected to the subtraction process, a 5 appears. For example, in the number 16,  $6 \text{ minus } 1 = 5$ ; in the number 27,  $7 \text{ minus } 2 = 5$  and so forth. This is called the challenge, subcap or subcap challenge. It, too, marks an age in which changes will occur. Therefore, when forecasting life changes on your Age Timeline, it is important that you consult both the addcap and subcap.

Did you notice that the number 50 is the only number appearing in both groupings? It is the only binary whose addcap and subcap are both 5s. This makes age 50 full of change, highly mercurial, volatile and uncertain. Its base (the number 50) is a gestation cipher announcing that the 50's decade is in development and will be "born" at age 51 when the number 1 begins the 50's nine year cycle.

There are actually three 5s in the number 50: 1). the 5 in the root; 2). the 5 addcap; 3). the 5 subcap. This trifecta of the number 5 within the 50 binary creates stacking, which in turn generates greater intensity of change, detachment, experience, exploration, letting go,

movement, variety and uncertainty. In effect, this trystack of the number 5 heralds a decade of change - more than any other decade.

Subcaps define circumstances, issues, life challenges and situations which are generally hidden from the public's view unless someone is a personal confidante and privy to one's life.

For example, take age 38, which has a 2 addcap ( $3 + 8 = 11 \rightarrow 1 + 1 = 2$ ). On the surface it is an energy of engagement, interaction and involvement (8) with friends and good times (3) in a state of relationship (2). Barring any voids it can be a pleasant energy.

However, what is not seen is the 5 subcap and its inherent qualities of change, detachment, loss, etc. If a person has a 2 Expression, for example, the outcome of the 5 subcap will be a 7, generating a 5/(2)/7 IR Set - an outcome PE energy of great internalization, reflection, analysis and potential, angst, solitude, suffering and troubles. Other Expression numbers will have their respective outcome energies.

Another item of note are the sequential ages of 49 and 50, and 94 and 95. These pairs generate a two year (24 month) sequential period of change. The 49 manifests a 5 subcap, as does the 94, and the 50 and 95 maintain a 5 addcap. Thus, when one is transiting these pairings, one should expect change and movement of some kind and not cling to what is. The 5 is an energy of letting go, so let go and be willing to adapt to the flow of your destiny.

## The 5 Universal Timeline

As we have learned, the changes in our lives are not restricted to one set of energies but multiple sets. We'll now discuss yet another layer of change - the Universal Timeline (UTL) and the three components of the birthdate (day-month-year).

What do the following years have in common?

1967 1976 1985 1994 2003 2012 2021 2030

Can you guess the answer? Each of these calendar years, also known as Universal Years in the King's Numerology™ system, reduces to the number 5. Therefore, each of these years will bring some form of change to everyone on the planet.

What kind of change will it bring to you? To determine the outcome simply add your Expression number to the number 5 and reduce to a single digit. Then check out [the Simple IR Sets](#) in the end of this ebook. This is the same process we've been using thus far.

For example, the most recent Universal Year at the time of this writing was 2012. What changes occurred for you in 2012? If you are a 2 Expression person, the outcome will be a 7 ( $5 + 2 = 7$ ) - a year of spiritual, ethical, moral testing. If your Expression is a 5, the outcome will be some degree of action, initiation, independence and new beginnings as noted by the 1 outcome ( $5 + 5 = 10$ ;  $1 + 0 = 1$ ). It's that simple.

Note #1: remember that your Universal Year begins on your birthday, not January 1st. Our personal cycles always start from the moment we are born and progress sequentially for 12 months to our next birthday.

Note #2: check not only your chart but the charts of your family, friends and loved ones to see what changes they were experiencing during 2012. If they have a different Expression number what they will experience will be different from what you experience.

Remember, we don't see things the way they are; we see things the way our numbers are. Likewise, we don't all react the same to the same stimuli. Knowing how others react to any year's influence will help you understand them and what they are going through, thus allowing you to manage your relationships with them more efficiently. This knowledge will make you an extremely efficient parent, partner, friend, employer.

Note #3: if the 5 Universal Year matches your 5-based Age Timeline, then you will have a double stack of 5 energy and that particular year will be more intense because of the concentration of the 5 energy in both the ATL and UTL.

## Birthday Components

The three components of our birthday are the day, month and year. These are known as Epochs. The 1<sup>st</sup> Epoch is the numerical day of our birth; the 2<sup>nd</sup> Epoch is the month we were born; the 3<sup>rd</sup> Epoch is the year we were born. If any of these components is a 5, that time period will be one of change. If all three components are 5s, the entire life will be filled with change, detachment, diversity, loss, motion, movement, multiple experiences.

The Epoch breakdown is as follows:

**1st Epoch:** Day of birth; active from birth through age 27; days are the 5<sup>th</sup>, 14<sup>th</sup>, 23<sup>rd</sup> of the month.

**2nd Epoch:** Month of birth; active from age 28 through 54; only month affected is May, the 5<sup>th</sup> month.

**3rd Epoch:** Year of birth; active from age 55 to the end of life; any 5 Universal (calendar) year.

To determine the outcome of these time periods follow the same procedure we've been using. Add the number 5 to your Expression and consult [the Simple IR Sets](#) (the general outcome) in the end of this ebook.

If any of these Epochs is a 5 and it simultaneously matches your Lifepath number, your Age number, a Universal year number or any combination of the aforementioned chart components, stacking will occur, creating intensity in the change. Stacking is the simultaneous occurrence of the same number in a chart.

## The number 5 Letters: E-N-W

The number 5 is represented by the letters E-N-W. Whenever these letters appear in a name there will be change. The letter "E" is the 5<sup>th</sup> letter of the alphabet; "N" is the 14<sup>th</sup> letter (1 + 4 = 5), and the "W" is the 23<sup>rd</sup> letter of the alphabet (2 + 3 = 5).

The period in which each of these letters will be active is 5 years. To determine the outcome of the change, simply add your Lifepath number to the 5.

Major Note: When assessing the outcome PE for Letters and Names the Lifepath Number becomes the filter - the number to which the 5 is added, not the Expression (name number), as we have been doing to this point.

For example, in the name John the N is the fourth letter in sequence. Assuming John's simple Lifepath (LP) number is a 3, the outcome number will be an 8 (5 of the N + 3 LP = 8). Therefore, for 5 years John will experience changes, detachments, freedom, movement and potential loss of some kind and degree playing itself out in the realm of the 3's attributes - arts, children, communication, friends, health, image(s), joy, pleasure, sex.

These three numbers - the 5 of the N, the 3 of the Lifepath and 8 of the PE - are placed into an IR Set 5/(3)/8. The textual version is: Influence/(Filter)/ PE (or outcome).

But how do we determine when John's 5 will be active? Simply associate each letter's single numerical value using the chart below, working left to right adding each letter's single numerical value until you get to the N of John.

Years:	1	2	3	4	5	6	7	8	9
	A	B	C	D	E	F	G	H	I
	J	K	L	M	N	O	P	Q	R
	S	T	U	V	W	X	Y	Z	

To illustrate: the "J" of John has a timeline of 1 year; the "O" of John has a timeline of 6 years; the "H" of John has a timeline of 8 years. Add these together: 1 + 6 + 8 = 15. Therefore, the "N" of John will begin at age 16 and last through age 20, a period of 5 years. This tells us that from age 16 through age 20 John's IR Set will be a 5/(3)/8, which translates to changes, detachment, freedom, movement, etc. (5) playing itself out in the realm of the 3 of communication, friends, health, image(s), etc.

## The number 5 Name Timeline

The same process works with names whose single letter value is a 5. For example, take the name Lisa. Using the chart above we see that the "L" = 3; the "I" = 9; the "S" = 1, and the "A" = 1. Added together these equal a 14, which is a 5 in reduction ( $3 + 9 + 1 + 1 = 14$ ;  $1 + 4 = 5$ ). The length of time the name Lisa (and its 5 single number) will be active is 14 years. This is referred to as the Name Timeline. If 'Lisa' is the first name of her full natal name, from birth through age 14 Lisa will experience some form of change.

Next, we simply add Lisa's Lifepath number to the 5 of Lisa to see how the forces of change, detachment, freedom, loss, etc. will play themselves out. So let's give Lisa a 2 Lifepath. When her 5 of 'Lisa' is added to her 2 Lifepath, the result is 7. Therefore, during her Name Timeline of 'Lisa' from birth through age 14 the energies of change (5) will manifest energies of analysis, introspection, perfection, research, seclusion, study and testing, as well as possible turmoil, trouble, tragedy, tears (7). Because Lisa is in the early stages of her life, this 5/(2)/7 IR Set will involve the parents or other external factors.

Other numbers in her chart do play a role, of course, but this 5/(2)/7 pattern universally manifests as some form and degree of change and loss generating a level of worry, trouble, stress, concern and angst. How Lisa will manage these energies depends on her attitude and upbringing and how balanced, centered and aware she is of life. Since she is young, the quality of her parent's parenting skills will be a major force in how she responds to the energies besetting her. Frankly, Lisa's issues will most likely be a manifestation of her parent's issues, and the parents would be wise to look to themselves and their relationship for the causes of Lisa's worries and concerns.

If Lisa's Lifepath were any other number than the 2, the experiences of her early life would be different. Changes, movement, loss, etc. will still be the lessons, influences, subjects and themes of the first 14 years of her life, but the outcome with another number will be different. For example, a 1 Lifepath would create a 5/(1)/6 IR Set (outcome); a 4 Lifepath would generate a 5/(4)/9 IR Set (outcome), and so forth.

Now it's your turn. Do you have any Es, Ns or Ws in your birth name? If so, when were they active and how did they manifest? Also, do any of the names of your full birth name equal a 5? If so, when will they be active, for how many years, and what will the outcome be?

## How to Calculate your Expression

Your "name number" is called the Expression. It is derived from your full and exact birth name. The Expression may be likened to you as the actor or actress of your life drama. The Lifepath may be likened to the script of your life, and the Performance/Experience (PE) equated to the role that you, as the actor/actress, will give on the great stage of life. The Expression represents the totality of who you are with all of your potentials, assets and liabilities. It is the complete you.

It's easy to find your Expression. All you do is write down your full name at birth. Be sure not to miss any letters. Missing one letter can dramatically change the exactness of your name number. Under each letter, write down its numerical equivalent using the Basic Letter Value Chart below. Then simply add the numbers left to right and reduce to a single number which is the Simple Expression.

1	2	3	4	5	6	7	8	9
A	B	C	D	E	F	G	H	I
J	K	L	M	N	O	P	Q	R
S	T	U	V	W	X	Y	Z	

Example #1, Louis Pasteur (French biologist, microbiologist, and chemist renowned for his discoveries of the principles of vaccination, microbial fermentation, and pasteurization):

L	o	u	i	s		P	a	s	t	e	u	r
3	6	3	9	1		7	1	1	2	5	3	9

$$= 3 + 6 + 3 + 9 + 1 + 7 + 1 + 1 + 2 + 5 + 3 + 9 = 50 \rightarrow 5 + 0 = 5$$

Example #2, Nikola Tesla

N	i	k	o	l	a		T	e	s	l	a
5	9	2	6	3	1		2	5	1	3	1

$$= 5 + 9 + 2 + 6 + 3 + 1 + 2 + 5 + 1 + 3 + 1 = 38 \rightarrow 3 + 8 = 11 \rightarrow 1 + 1 = 2$$

## The Nine Simple 5-Based IR Sets of Change

### *& Their General Outcomes*

Below is a simple chart for each of the nine Expressions as they relate to the 5-based ages or years. They are placed in an IR Set pattern (Influence/Reality Set) depicting incoming and outgoing energy flows. The first number is a 5. It represents the incoming energy of change, as we've been discussing. The middle number in "( )" represents your Expression (or name number). It is referred to as the "filter." The third number is the PE (Performance/Experience), which is the simple sum of the 1<sup>st</sup> and 2<sup>nd</sup> numbers. It represents the outcome. These IR Sets can be applied to addcaps as well as subcaps. Also remember to check if any of the energies is voided because it will most likely have a negative impact on how IR Sets are manifested.

### **5/(1 Expression)/6**

Changes will focus on matters of the home, heart and hearth. Love relationships may experience some type of variety or even dissolve. "Changes in love" is a simple phrase for this 5/(1)/6 IR Set. There could be new additions in the family, travel, or some type of familial loss or detachment. Do not expect things to be the same during this time. Be prepared to adjust. Clinging to what was or has been will prove painful. Learn to let go of those things, people, patterns, events which no longer serve your highest good.

### **5/(2 Expression)/7**

This 5/(2)/7 pattern will bring spiritual, ethical, moral testing and potential struggles. If one exhibits purity of conduct, he/she will make valuable progress in the arena of personal character and soul development. If one's conduct is neither pure, moral nor ethical, this will be a difficult and trying time. Adulteries, betrayals, chaos,

conflicts, deceits, destructive addictions are possible outcomes. Another potential manifestation of this 5/(2)/7 pattern is serving a variety of people through one's ability to analyze, examine, guide, inform and teach. It is important to remember that the 7 in this PE position can represent peace or chaos, lightness or darkness, the destructive winds of the hurricane or the center, tranquil eye of the storm. Wisdom, self-control, purity of conduct and discipline will be the deciding factor in the person's experience during this 5/(2)/7 time period. With 7 in the Outcome position, expect to have time alone, to be alone – either emotionally, physically, psychologically, socially. This is a time to think, reflect, plan, meditate, get centered and find peace within.

### **5/(3 Expression)/8**

This is a changing and dynamically moving energy. It is often seen in the charts of athletes, communicators, salesmen, people on the move. This can be a very fun, entertaining, enjoyable and connective energy pattern. It is highly social and friendly. Because the 8 governs commerce, business, marketing and career, there may well be changes in these areas. There is the possibility that disconnections will also occur within this 5/(3)/8 energy field because the 5 can detach a person from his/her health, joy or children (3), especially if any of the three ciphers (5-3-8) is negatively aspected, i.e., voided or challenged (see KBN II). This 5/(3)/8 pattern is quite good for sales people because of the energies of man (5), communication (3) and engagement (8).

### 5/(4 Expression)/9

No two numbers in combination represent man and mankind more than the 5 and 9. 5 is the Number of Man; 9 is the Number of Mankind. Therefore, this is a diverse and expansive energy field, encompassing all kinds of people, events, changes, cultures, communities, countries, nationalities, travel. As an example, this 5/(4)/9 IR Set was at the core of [Princess Diana's destiny](#). With the 5's attributes of loss and detachment, as well as the 9's characteristics of endings of cycles and terminations, this 5/(4)/9 pattern can manifest as endings or detachments from the house, job, or work environment. It can also manifest as changes and variety in work or travel.

### 5/(5 Expression)/1

Fire, fire and fire – this is the elemental structure of this 5/(5)/1 pattern. It is an energy field awash in freedom and independence. During this 5/(5)/1 timeline period there will be changes, creativity, detachment, freedom, independence, movement, new directions, travel and variety. This is not a time of running with the pack; it is a time to go first, lead the pack, be creative, innovative and show the way. Because of its saturation of freedom and independence, this 5/(5)/1 pattern will fly. There is no water, earth or air in it, just blazing fire and passion. Do not expect complacency with this set. Nothing is normal about it, and no one dare attempt to control it, lest they get scorched. The 5/(5)/1 energy field is as close to being a law unto itself as anything or anyone could be. The key to its success lies in discipline and self-control, for a lack of either could lead to disastrous consequences.

### 5/(6 Expression)/2

Expect changes in relationship and heart with this 5/(6)/2 IR Set or relationships with people whose Expression, Lifepath or PE is a 5. The 6 governs the family and all matters of the heart – support, devotion, personal love, compassion and caring. The 2 governs relationships of all kinds, females, balance/imbalance, dependence, competition, division, passivity, togetherness, war/peace. The 2 and 6 are both water signs and rule the emotions. If positively manifested, they create a caring, loving energy field. However, with the 5's mercurial nature and the 2's attribute of opposition and interference, there could well be fireworks during this time period, especially since the 5 is a fire sign. Fire (5) and water (2 & 6) don't mix well, obviously, so this 5/(6)/2 pattern can create a lot of steam and heat and... conflict. As a general note, no two numbers are more sexual than the 5 and 6 together in relationship (2), so don't expect too much grounding during this time period.

### 5/(7 Expression)/3

This 5/(7)/3 IR Set is excellent for writers. The 5 offers energy and variety; the 7 filter brings all things internal into focus through acts of communication and expression (3). This can be a fun set, but one which is more introverted than extroverted. If negatively aspected by void or Challenge or both, this 5/(7)/3 pattern can yield issues with one's health and well-being. The 5 of loss and detachment, filtering through the recessive and internalized 7 with its 16 Great Purifier root, can generate some types of health problems. It can also generate negative issues with communication, such as little to no communication or outright prevarication, especially if the 3 is void (no Cs, Ls or Us in the birth name). Because the 3 governs children, a 3 void in a PE position can prove challenging as well.

### 5/(8 Expression)/4

Change and variety in work and service is a good phrase for this 5/(8)/4 pattern. 4s and 8s are focused on work, stability, security, management, interaction, continuity, commerce, career and business. With the 5 in the Influence position, one can expect detachment, freedom, movement and potential loss in one's job or career.

Because of its mercurial nature, the 5 often brings ups and downs to a person's life because it's about movement, not about roots. What this 5/(8)/4 pattern can also generate is a variety (5) of work (4) or a constant change in one's work. Freedom of movement in the house, work environment or one's personal regimens can be expected.

### 5/(9 Expression)/5

Expect much travel and change with this 5/(9)/5 pattern. It's similar to the 5/(5)/1 except the 9 brings more expansion and travel to the 5 energy. When the 5 merges with the 9, a 14 is generated before the final 5. The 14 is the most dominate binary manifesting loss, detachment, change. Therefore, one should not cling during this energy timeline. Learn to let go and discover new things, people, events, places, experiences. This pattern will have its way. If you cling too hard, you run the risk of being ripped from that to which you cling, which will not be comfortable. Knowing you must let go during this time period will help keep you balanced and stable.
