VOID CHART

Name:

| Void | General Description - Issues Involving: |
|------|---|
|------|---|

VOIDS are missing energies in our natal name at birth. They represent missing talents, abilities, attributes. When we have a void in our chart, we do everything in life either to fill them (unconsciously) or avoid them altogether. Voids often create challenges for us because we lack the skills we need to solve those problems associated with them. As we mature, hopefully we learn to manage them, thereby filling up the "holes" they represented at birth.

The King's Numerology™
EXPANDED KEYWORDS/KEY PHRASE CHART

Note 1: every number maintains a positive and negative side (polarity), just as every coin has two sides. Furthermore, we cannot hold a coin without holding both sides simultaneously. The same is true for numbers, and our lives reflect both the positive and negative aspects of each vibration to some degree. In other words, no number is perfect, no chart is perfect, no human being is perfect. We all have assets and liabilities, good karmas and bad karmas.

Note 2: every single number has ten binary or two-digit numbers attached to it and which, when added together reduce to form that specific single number. We will discuss these more fully in the chapter on double numbers. They are listed here for reference.

Note 3: it would be impossible to list every word in the English language which is attached to each of the nine basic numbers. After all, there are only nine basic numbers and hundreds of thousands of words. Therefore, a complete keyword list would be impossible to generate. Below, however, are more words and phrases than simply those used in the basic keyword chart.

FIVE - 5

(Fire) (Symbols: Wings - Wheels - Needles - Broken Chains)

| | | | | | | | | | |
|----|----|----|----|----|----|----|----|----|----|
| 14 | 23 | 32 | 41 | 50 | 59 | 68 | 77 | 86 | 95 |

TIME FRAME: a time of freedom, change, shifting, movement, uncertainty, detachment, letting go, exploring, investigating, experimenting, sexuality, sensual gratification; temperance and fidelity challenged; not a time to cling, but a time to let go and move on; also a time testing our true understanding of freedom which is not action devoid of consequence but action taken in consideration of consequence. Nothing is free in this universe. Everything has a cost. Action taken in pursuit of sensual pleasures, sense gratification, and wild sorties into the realms of indulgence create slavery and bondage and all the suffering, woes, and wailings associated with such incarceration. Contrarily, if the action of freedom is taken in consideration of consequence by following the inner voice of conscience, temperance, and restraint, the end result will be true freedom and liberation from sensual enslavement. The key note during a Five period is to be wise; look ahead to the results of your actions; exercise moderation and fidelity and do not step into the regions of material indulgence, for the sensuous footing is slippery, deceitful and absolutely enslaving. Nothing good comes from exploring the dark side of life and its pleasures where the soul risks falling into the dark abyss of eternal tears and sorrow.

TIME FRAME: a time of matters of the heart, love issues, domestic (individual, personal, community, national, global) energies, concerns, responsibilities, possible addictions, romance, lust, sexuality. Here the individual will be given tests of lust vs. love, often painfully learning that lust is not love, that lust leads to disease, dis-ease, heartache, heartbreak, addictive enslavement, broken homes, broken lives, broken dreams. Richard Andrew King breaks new ground! It's almost as if the very Spirit of Numerology is using King as an instrument to evolve this ancient science to a new level. After learning from King's teaching, it is impossible to conceive of going back to that 'twilight naive and foggy' state of being where one can only guess or hint at the truths, motivations and directions of one's life that are Pre-King.

George Shaver
Metaphysician/Psychic

I will say without hesitation that *The King's Numerology* is true and real. Richard Andrew King's knowledge of numbers changes intangible spirituality and divination into solid, practical, objective reality. In a word, Richard Andrew King brings science to the art and practice of divination and spirituality. He brings proof to the otherwise unprovable; solid evidence to the not-so-solid-universe of the divine. *The Kings Book of Numerology Series* contains new information that informs and predicts more completely and accurately than any previously published numerological work. I personally feel Richard Andrew King is bringing back the empowered sciences of long ago, information long since lost upon this plane. I would recommend *The Kings Book of Numerology Series* to everyone practicing or wanting to practice divination. All who read King's works will benefit and be blessed. Richard Andrew King is the best!
