BENEDICT ARNOLD NUMBERS OF A TRAITOR

BENEDICT ARNOLD is, arguably, the greatest traitor in American history. Serving in the Continental Army as a trusted Major General under George Washington in America's Revolutionary War against the British, Arnold—angry and frustrated over the way he was being overlooked for promotion by the Continental Congress and not given credit for his valiant actions in the war—betrayed his country by joining the British Army. For his betrayal, Benedict Arnold was ignominiously branded as the greatest traitor in American history . . . and rightly so.

What kind of numbers are associated with such a traitor? Let's take a look at Arnold's numbers, remembering, however, that all numbers and number patterns (IR Sets, for example) are dual in nature, capable of manifesting positive or negative energies. Arnold's numbers are specific to him. All traitors don't necessarily have the exact same numbers. However, Arnold's numbers certainly and clearly offer an example of his traitorous behavior.

Note: Bill O'Reilly's TV series "Legends & Lies: The Patriots—Benedict Arnold, American Traitor" on FOX Business gives a noteworthy account of America's greatest traitor.

BASIC MATRIX

As we see in Arnold’s Basic Matrix, only three numbers define him—9, 8 and 1. In simple single words this 9-8-1 triad manifests as power (9), success (8) and ego (1).

Umbrella: 9/(9)/9—IR Set (Influence Reality)

The #9 is labeled as the “Grand Elemental” in the King’s Numerology™. Nine is powerful. It rules. It is charismatic. It is dominate and can be domineering. Nine loves but unlike the 'six', it loves impersonally and is, therefore, not a personal vibration but a public one. Therefore, it is the number of fame and recognition. Positive Nine is humanitarian, philanthropic, philosophical, educational, broadminded, understanding, compassionate, generous, tolerant, magnanimous, volunteering. Negative Nine is the overbearing boss, the tyrant, dictator, obnoxious person broadcasting his life to the world on his cellphone while standing in line at the grocery store or wherever. (<https://www.richardking.net/numart-n09.htm>)

The #9 in the Lifepath or LP (derived from one’s birth data) expresses a life journey focusing on the Lessons, Influences, Subjects and Themes (LIST) of one’s life. Basically, the #9 is the *script* of a person’s life.

The #9 in the Expression or Exp (the individual’s full birth name) signifies a person who is powerful, dynamic, charismatic, rulership oriented. Since the #9 contains all the single numbers 1 through 9, its energies are universal. They can be manifested as benevolent or malevolent. The #9 in the Expression can be considered as the *actor/actress*.

The #9 in the Performance/Experience or PE is a blend of the LP and Exp (LP + Exp = PE). The PE is the *performance* given by the actor (Expression) reading a script (LP).

To have an Umbrella of all #9s signifies a saturation of extreme power, universality, dominance, notoriety and a big life. The #9 wants to rule and sit on its throne. It can be benevolent (good and loving) or malevolent (bad and hateful)—the two sides of its energetic coinage. Such a #9 saturated Umbrella generates an extreme test of a person’s life, which, for better or worse, will not be a small life, quite the contrary. It is a “testing life” of power. This #9 Umbrella was a major player in the traitorship of Benedict Arnold, but that’s not all. There’s more.

Soul Layers: 8v/(9)/8v—IR Set (Influence Reality)

The *Soul Layers* (Soul & Material Soul [MS]) speak to the needs, wants, desires and motivations of the individual. Arnold's 8 in both his Soul and MS reveal an individual who desires and wants success, social esteem, money, engagement, interaction, involvement and orchestration.

A major problem, however, is that Arnold has an 8 void (8v), which means he has no H, Q or Z in his natal name. Thus, his 8v energy can manifest not as engagement but disengagement, which perfectly identifies his action of cutting the cord of his American ties, i.e., committing treason.

Furthermore, the 44-8 in Arnold's Material Soul describes an individual who wants to lead and be in charge. The King's Numerologytm describes the 44-8 energy as the "Generalship" energy. In fact, the numbers of the word "general" create a Master number of 44-8! Famous generals such as George Patton, Douglas McArthur, George Armstrong Custer, Ulysses S. Grant and Jefferson Davis, all have the 44-8 in their charts, as do such famous people as Thomas Jefferson, Mother Teresa, Tony Blair, Helen Keller, Pearl S. Buck and others.

As you're most likely noticing, in Arnold's 44-8 the 8 is void, so it should be ciphered as 44-8v, which adds the possibility of his management skills being somewhat comprised and left wanting.

Also of note is that Arnold's Soul Layers are ciphered as 8v/(9)/8v, thus doubling the power of the 8 void itself. This "doubling effect" occurs when the first number (in this case the 8v of his Soul) filters through his 9 Lifepath of domination and power to create the 8v outcome M/S. In such an IR Set, the third cipher in the equation (the one on the far right) will always be stronger than the one on the far left because of its blending with the 9's energies. What this 8v/(9)/8v IR Set does is create a potential condition of "disconnective power," which Arnold's life exhibited.

Nature Layers: 1/(9)/1—IR Set (Influence Reality)

The *Nature Layers* (Nature and Material Nature [MN]) reflect an individual's personality and way of doing things. The 1/(9)/1 Nature Layer manifests as ego and power; action and aggression; initiation, independence and ruthlessly blind ambition. The 1/(9)/1 IR Set has great leadership (1) and universal (9) potential. But, once again, there are two sides to every number or number pattern and the opposite side of the 1/(9)/1 can be ruthlessly dominating (9) and self-serving (1), totally unconcerned with anyone else.

Also of note is that Arnold's Material Nature has a 55 root to its 1 crown. This makes him adventurous, mercurial, versatile, unpredictable and hard to control. No number is harder to control than the 55-1. It is pure motion and fire—the only pure fire binary Master number in the Alpha Numeric Spectrum. The 55-1 is freedom-loving and can be a wild card. Uncertainty is one of the 55-1's attributes. Coupled with his basic 1 Nature, the 55-1 M/N makes Arnold totally unpredictable, self-centered, independent, a lone wolf and maverick. He's his own man, clearly.

NAME TIMELINES

First Name *Benedict*: 8v/(9)/8v

What is fascinating is that the name "Benedict" is an 8, which resonates with the desires of his Soul (8) and Material Soul (8), which of course are voided. When this 8v of "Benedict" merges

with his 9 Lifepath filter, the outcome IR Set is another $8v/(9)/8v$. Thus, his first name, Benedict, Soul Layer and Material Soul Layer generate an intensive trystack of the $8v/(9)/8v$ energy field.

Surname: *Arnold*: 1/(9)/55-1

And how strange is this? The surname “Arnold” is a 1 with an IR Set of $1/(9)/55-1$! This resonates perfectly with his $1/(9)/1$ Nature Layer and his $1/(9)/55-1$ Material Nature Layer, which reinforce his energy of self (1) and power (9). Just as his $8v/(9)/8v$ created its trystack, so the $1/(9)/55-1$ energy generates its own trystack.

What are the possibilities of a person’s birth name energies matching perfectly with his Basic Matrix energies of the Soul, Material Soul, Nature and Material Nature? The probabilities are huge. In its forty-two year history the King’s Numerology™, has never seen such a combination. It is basically unheard of, at least until now. Furthermore, such a combination is associated with the greatest traitor in American history. Obviously, Benedict Arnold and the numbers of his Basic Matrix and Name Timelines are not happenstance. Arnold’s numbers perfectly reflect his actions, and this does not even take into account the numbers of his Life Matrix and other timelines and components. Is all this coincidence? Of course not. Such is the amazing divine nature of life and numbers!

VOIDS

There are two voids in the name *Benedict Arnold*: #7 and #8, ciphered as $7v$ and $8v$. The $7v$ occurs in the absence of the letters G, P and Y. The $8v$ occurs in the absence of letters H, Q and Z. This $7v-8v$ duo played a major role in Arnold’s traitorous destiny.

The $7v$ can manifest as a lack of discretion, study, thought, analysis, introspection, research, examination, not being thorough and not dotting the “Is” or crossing the “Ts.”

The $8v$ runs the risk of disconnecting rather than connecting; disengaging rather than engaging; dis-involving rather than involving; being uncoordinated rather than coordinated; not working well with others as well as an inability to look at the whole picture of a problem or condition.

SUMMARY

The destiny of Benedict Arnold is clearly revealed in only four numbers—1, $7v$, $8v$ and 9. This is rare, indeed. But then again, also rare is being the greatest traitor in American history.

Benedict Arnold’s Umbrella of $9/(9)/9$, Soul Layer of $8v/(9)/44-8v$, Nature Layer of $1/(9)/55-1$, name of “Benedict”— $8v(9)/8v$ and surname of “Arnold” with its $1/(9)/55-1$ —all perfectly describe him and his actions. The lust for power (9), desire for generalship and command (44-8) driven by an enormous self-serving ego (1), all aided by a $7v$ and $8v$, manifested as one of the greatest traitors in world history. It was no accident. For Benedict Arnold such was his fate, a destiny clearly revealed in his numbers!
