CHAPTER 1

BENEDICT ARNOLD

~ TRAITOR TO HIS COUNTRY ~

(Photo courtesy of Wikipedia)

BENEDICT ARNOLD is, arguably, the greatest traitor in American history. Serving in the Continental Army as a trusted Major General under George Washington in America’s Revolutionary War against the British, Arnold—angry and frustrated over the way he was being overlooked for promotion by the Continental Congress and not given credit for his valiant actions in the war—betrayed his country by joining the British Army. For his betrayal, Benedict Arnold was ignominiously branded as the greatest traitor in American history . . . and rightly so.

What kind of numbers are associated with such a traitor? Let’s take a look at Arnold’s numbers, remembering that all numbers and number patterns (IR Sets, for example) are dual in nature, capable of manifesting positive or negative energies. Arnold’s numbers are specific to him. All traitors don’t necessarily have the exact same numbers. However, Arnold’s numbers certainly and clearly offer an example of his traitorous behavior.

BASIC MATRIX

As we see in Arnold’s Basic Matrix below, only three numbers define him—9, 8 and 1. In simple words this 9-8-1 triad manifests as power (9), success (8) and ego (1).

<p style="text-align: center;">BASIC MATRIX BENEDICT ARNOLD Born: 14 January 1741</p>

GRAND UMBRELLA: 9/(9)/9—IR Set (Influence/Reality)

The 9 is labeled as the “Grand Elemental” in the King’s Numerology™ system. Nine is powerful. It rules. It is charismatic. It is dominate and can be domineering. Nine loves but unlike the 6, it loves impersonally and is, therefore, not a personal vibration but a public one. Therefore, it is the number of fame and recognition. Positive 9 is humanitarian, philanthropic, philosophical, educational, broadminded, understanding, compassionate, generous, tolerant, magnanimous, volunteering. Negative 9 is the overbearing boss, the tyrant, dictator, obnoxious person broadcasting his life to the world on his cellphone while standing in line at the grocery store or wherever. (<https://www.richardking.net/numart-n09.htm>)

The 9 in the Lifepath or LP (derived from one’s birth data: day, month, year) expresses a life journey focusing on the Lessons, Influences, Subjects and Themes (LIST) of one’s life. Basically, the Lifepath is the *script* of a person’s life.

The 9 in the Expression or Exp (the individual’s full birth name) signifies a person who is powerful, dynamic, charismatic and rulership oriented. Since the 9 contains all the single numbers 1 through 9, its energies are universal. They can be manifested as benevolent or malevolent. The 9 in the Expression can be considered as the *actor/actress*.

The 9 in the Performance/Experience or PE is a blend of the LP and Exp (LP + Exp = PE). The PE is the *performance* given by the actor (Expression) reading a script (LP).

To have an Umbrella of all 9s—identified as a *Grand Umbrella*— signifies a saturation of extreme power, universality, dominance, notoriety and a big life. The 9 wants to rule and sit on its throne. It can be benevolent (good and loving) or malevolent (bad and hateful)—the two sides of its energetic coin. Such a 9 saturated Umbrella generates an extreme test of a person’s life, which, for better or worse, will not be a small life, quite the contrary. A 9 Grand Umbrella is a “testing life” of power and rulership. The 9 Umbrella was a major player in the treason of Benedict Arnold, but that’s not all. There’s more; a lot more.

SOUL LAYERS: 8v/(9)/8v—IR Set (Influence Reality)

The *Soul Layers* (Soul & Material Soul [MS]) speak to the needs, wants, desires and motivations of the individual. Arnold's 8 in both his Soul and MS reveal an individual who desires and wants success, social esteem, money, engagement, interaction, involvement and orchestration.

Manipulation is also an aspect of the 8, voided or not.

A major problem, however, is that Arnold has an 8 void (8v), which means he has no H, Q or Z in his natal name. Thus, his 8v energy can manifest not as engagement but as disengagement, which perfectly identifies his action of cutting the cord of his American ties so shamelessly, i.e., committing treason.

Furthermore, the 44-8v in Arnold's Material Soul describes an individual who wants to lead and be in charge. The King's Numerology™ describes the 44-8v energy as the "Generalship" energy but Arnold's 8v generates a negative aspect to his generalship status, which adds the possibility of his management skills being somewhat comprised and left wanting. In fact, the numbers of the word "general" create a Master number of 44-8! Famous generals such as George Patton, Douglas MacArthur, George Armstrong Custer, Ulysses S. Grant and Jefferson Davis all have the 44-8 in their charts, as do such famous people as Thomas Jefferson, Mother Teresa, Tony Blair, Helen Keller, Pearl S. Buck and others.

Also of note is that Arnold's Soul Layers are ciphered as 8v/(9)/8v, thus doubling the power of the 8 void itself. This "doubling effect" occurs when the first number (in this case the 8v of his Soul) filters through his 9 Lifepath of domination and power to create the 8v outcome M/S. In such an IR Set, the third cipher in the equation (the one on the far right) will always be stronger than the one on the far left because of its blending with the 9's powerful and dominate energies. What this 8v/(9)/8v IR Set does is create a potential condition of "disconnective power," which Arnold's life obviously exhibited.

NATURE LAYERS: 1/(9)/1—IR Set (Influence Reality)

The *Nature Layers* (Nature and Material Nature [MN]) reflect an individual's personality and way of doing things. The 1/(9)/1 Nature Layer manifests as ego and power; action and aggression; initiation, independence and ruthlessly blind ambition. The 1/(9)/1 IR Set has great leadership (1) and universal (9) potential. But, once again, there are two sides to every number or number pattern and the opposite side of the 1/(9)/1 can be ruthlessly dominating (9) and self-serving (1), totally unconcerned with anyone else but one's self.

Also of note is that Arnold's Material Nature has a 55 root to its 1 crown. This makes him adventurous, mercurial, versatile, unpredictable and hard to control. No number is harder to control than the 55-1. It is pure motion and fire—the only pure fire binary Master number in the Alpha Numeric Spectrum. The 55-1 is freedom-loving and can be a wild card. Uncertainty is one of the 55-1's attributes. Coupled with his basic 1 Nature, the 55-1 M/N makes Arnold totally unpredictable, self-centered, independent, a lone wolf and maverick. He's his own man, clearly.

NAME TIMELINES

FIRST NAME—*BENEDICT*: 8v/(9)/8v

What is fascinating is that the name “Benedict” is an 8 and thus resonates perfectly with the desires of his Soul (8) and Material Soul (8), which of course are voided. When this 8v of “Benedict” merges with his 9 Lifepath filter, the outcome IR Set is another 8v/(9)/8v. Thus, his first name Benedict, Soul and Material Soul generate an intensive trystack of the 8v/(9)/8v energy field. This does not bode well for efficient engagement and management.

SURNAME—*ARNOLD*: 1/(9)/1

And how strange is this? The surname “Arnold” is a 1 with an IR Set of 1/(9)/55-1! Short form is 1/(9)/1. This resonates perfectly with his 1/(9)/1 Nature Layer and his 1/(9)/1 Material Nature Layer, which reinforce his energy of self (1) and power (9). Just as his 8v/(9)/8v created its trystack, so the 1/(9)/1 energy generates its own trystack.

What are the possibilities of a person's birth name energies matching perfectly with his Basic Matrix energies of the Soul, Material Soul, Nature and Material Nature? The probabilities are huge. In its forty-two year history the King's Numerology™, has never seen such a combination. It is basically unheard of, at least until now. Furthermore, such a combination is associated with the greatest traitor in American history. Obviously, Benedict Arnold and the numbers of his Basic Matrix and Name Timelines are not happenstance. Arnold's numbers perfectly reflect his actions, and this does not even take into account the numbers of his Life Matrix and other timelines and components. Is all this coincidence? Of course not. Such is the amazing divine nature of life and numbers!

VOIDS

Voids are missing letters and their corresponding energies in the full birth name, as King's Numerology™ students know. The chart below offers a reminder of the types of problems and challenges related to voids.

#	Voids Chart—Short Form: Issues
1	Self, independence, leadership, action, strength, will, courage, yang
2	Others, relationships, dependence, balance, support, indifference, emotion, yin
3	Self expression, image, words, communication, health, children, joy, sex, vanity
4	Work, service, organization, discipline, self-control, stability, strength
5	Freedom of movement, change, detachment, versatility, unpredictable, sensuality
6	Personal, familial, love, nurturing, support, duty, responsibility, pleasure, sex
7	Lack of discretion, knowledge, study, wisdom/foolishness, analysis, solitude
8	Lack of engagement, connectivity, managerial skills, orchestration, coordination
9	Lack of universality, judgment, respect, duty, power, rulership, big picture

BENEDICT ARNOLD: VOIDS

There are two voids in the name *Benedict Arnold*: 7 and 8, ciphered as 7v and 8v. The 7v occurs in the absence of the letters G, P and Y. The 8v occurs in the absence of the letters H, Q and Z. This 7v-8v duo played a major role in Arnold's traitorous destiny.

The 7v can manifest as a lack of discretion, study, thought, analysis, introspection, research, examination, not being thorough and not dotting the "Is" or crossing the "Ts."

The 8v runs the risk of disconnecting rather than connecting; disengaging rather than engaging; dis-involving rather than involving; being uncoordinated rather than coordinated; not working well with others as well as an inability to look at the whole picture of a problem or condition.

BENEDICT ARNOLD: LIFE MATRIX

The Life Matrix houses the timelines and IR Sets of one's life. The Life Matrix is the internal structure of the Lifepath. In an IR Set equation the number(s) on the left reveal the LIST (Lessons, Influences, Subjects, Themes); the middle number is the Filter, and the number on the right is the ROPE (Reality, Outcome, Performance, Experience).

Grand Challenge

Crown Challenge
1/(9)/1 & 8v/(9)/8v

Benedict Arnold's Life Matrix reveals some very critical information. Look at his Crown Pinnacle. It's a 9/(9)/9, which perfectly matches his 9/(9)/9 Grand Umbrella! Talk about power! This is an extremely rare duo. It's rare enough to have a 9/(9)/9 Grand Umbrella but to also have a 9/(9)/9 Crown Pinnacle is incredible. Arnold's life was indeed powerful in multiple ways.

Next, take a look at his Grand Challenge and Crown Challenge. They both house dual IR Sets: the 1/(9)/1 and the 8v/(9)/8v. We've seen these patterns before. His Nature Layers are a 1/(9)/1 and his surname of "Arnold" is also a 1/(9)/1. In the Challenge position, the 1/(9)/1 manifests as problems and issues with the self (1) and its power (9). Also of note is that his 2nd Epoch (from age 28 through 54) was a 1/(9)/1!

The 8v/(9)/8v in his Grand and Crown Challenge reveal massive issues with engagement, social recognition, management, etc. As we recall, Arnold's Soul Layers are an 8v/(9)/8v, as is his first name of "Benedict." As we see, Benedict Arnold was a very conflicted human being.

SUMMARY

The destiny of Benedict Arnold is clearly revealed in only four numbers—1, 7v, 8v and 9. This is rare, indeed. But then again, also rare is being the greatest traitor in American history.

Benedict Arnold's Grand Umbrella of 9/(9)/9 and Crown Pinnacle of 9/(9)/9 reveal a massive amount of power throughout his entire life from which he could find no respite, but, then again, he probably wasn't looking for a respite either.

Arnold's 1/(9)/1 in his Nature Layers, Surname of "Arnold," 2nd Epoch, Grand Challenge and Crown Challenge reveal a man who's energies are saturated in self-centeredness and dominance. The 1/(9)/1 energy reflects a person consumed with his own identity. He could not care one iota for someone else. His life was all about him, his power and success.

Arnold's Soul Layer of 8v/(9)/44-8v, first name of "Benedict"— 8v(9)/8v; Grand Challenge and Crown Challenge disclose difficult events, issues, problems, topics and recognition of generalship, leadership, social power, managerialship, success and wealth. Arnold desperately craved the spotlight and social success but although he wanted them via his 8v/(9)/8v Soul Layers, he could never acquire them to his satisfaction and desires.

The lust for power (9), desire for generalship and command (44-8v) driven by an enormous self-serving ego (1), all aided by a 7v and 8v, manifested as one of the greatest traitors in world history. It was no accident. For Benedict Arnold such was his fate, a destiny clearly revealed in his numbers!
