THE IDAHO KILLER—Bryan Christopher Kohberger—is, sadly, another evil individual within this nether world. BCK—we'll call him—murdered four University of Idaho students in cold blood on 13 November 2022 by brutally stabbing each of them to death with a knife. Those students are: Madison Mogen, Kaylee Goncalves, Xana Kernodle and Ethan Chapin. May they Rest In Peace, and may their families find some degree of solace within the chaos and heartache they are experiencing.

Numerologically, what numbers and number patterns are associated with such a heinous act by such a murderous individual? As we delve into BCK’s numbers, let’s remember that all numbers and number patterns manifest both positive and negative energies. In searching for such answers we begin with his Basic Matrix—his personal profile.

BASIC MATRIX

What jumps out at you in BCK’s Basic Matrix? Perhaps it’s the dual 55-1s in his Lifepath and PE fortified by his 1 Nature. Or is it the 44v-8 in his Soul? What about the 9 in his Expression supported by the extremely powerful 99-9 in his Material Soul? Maybe it’s the 11-2 in his Material Nature. And what about that 4 void, aka, 4v? The whole chart seems to jump out with these numbers.

First, the 55-1 Lifepath, 55-1 Performance/Experience (PE) and the 1 Nature manifest energies of being solo, being the lone wolf, maverick, rebel and freedom-loving spirit. Both the 5 and 1 are fire signs, so they tell us that BCK will exude an ego-based mercurial identity—the 55 of massive change and the 1 of self. Since the 5 rules change it means BCK will have a life that shifts, moves, detaches. The life blood of the 5 is movement, even uncertainty. Uncertainty of what? In his case, himself—the triune energy of the 1 in his LP, PE and Nature. BCK is a very self-centered, action-oriented, independent, egocentric, lone wolf type of guy.

Furthermore, the 4 is voided in BCK’s Basic Matrix. This adds more uncertainty, confusion, change and instability to his life. The 4 governs roots, structure, stability, foundation, law and order. Since BCK has no Ds, Ms or Vs in his natal name, he will be challenged to be stable, rooted, strong. Combine the dynamic energies of the 55-1 LP, PE and 1 Nature and its motion, movement, detachment and self and we see that the person who is Bryan Christopher Kohberger is not a greatly stable individual. The 5 moves and changes; the 4v lacks anchoring and stability. This is not a good combination for being a solid, anchored, sound, grounded human being.

And then comes the 44v-8—the Generalship/CEO energy in BCK’s Soul component. It is the Soul in the Basic Matrix that defines our basic needs, wants, desires and motivations. The 8 is the number most associated with orchestration, organization, coordination, integration, success, engagement, management, socialization, commerce, business. The 44v root of BCK’s 8 Soul tells us that his desires will be troubled, inconsistent, problematic. Why? The 4 governs stability, roots, development, planning and order. When it is voided in a chart, it portends difficulty. When it is attached to the 44 master number as a void, things will not go well. The smoothness of the 8’s flow will be interrupted. It won’t be totally negated but it will be put to the test.

The 11-2 in Kohberger’s Material Nature (MN) manifests an energy of relationship, females, all things yin, support, helping, caring for others. On its negative side it is divisive, argumentative, conflicting, interfering. As a murderer, BCK obviously didn’t care about his victims, so he was definitely acting on the dark side of the 2 energy.

Finally, the 9 Expression (the individual) and the 99-9 Material Soul create a sense of power and domination for BCK. When placed in the Expression component, the 9 empowers whatever the Lifepath number is. Therefore, 55-1 PE (ROPE) is stronger than the 55-1 Lifepath (LIST).

The 99-9 Material Soul reveals a desire to be known, powerful, dominate, commanding. No master number is more powerful and universal than the 99-9. In BCK’s Material Soul, he wished for power, which resonated with his 9 Expression. In other words, his 9 Expression was realized because of his 99-9 MS desires. He got what he wanted—to a degree—but the bomb exploded in his hands. He got his fame but that notoriety will land him in prison . . . or the electric chair.

HOUSE OF LETTERS – aka SPECIFIC INCLUSION

Specific Inclusion:

HOUSE			
1st	2 (AS)	20	6.94%
2nd	4 (BKT)	35	12.15%
3rd	1 (C)	3	1.04%
4th	0 ()	0	0.00%
5th	4 (EN)	29	10.07%
6th	2 (O)	30	10.42%
7th	3 (GPY)	48	16.67%
8th	3 (H)	24	8.33%
9th ***	6 (IR)	***** 99	34.38%
		25	288

Voids 4

Not only does BCK have a 99 in his Material Soul, he also has a 99 in his 9th House of Letters! This strengthens the power of his 99 MS. Plus, the 99 in his 9th House is the largest numeric energy in his Inclusion—34.38%. And remember, too, he also has a 9 Expression. The reality is that BCK’s numbers reveal a large amount of power with the Great Purifier, the 9, at its core.

BRYAN KOHBERGER & TED BUNDY – KILLER CORPS

Numerology is not a fluke. Numbers, Letters and Names manifest reality, a reality unknown to billions of people around the world but a reality nonetheless. For such currently uninformed souls, numerology lies beyond the horizon, but to numerologists numerology is as real as the sun, moon and stars. Hopefully, the “horizon” will one day disappear for the masses.

For example, look at the Basic Matrices below of Bryan Kohberger and Ted Bundy—both vile killers. Their Lifepaths, Souls and Material Souls are identical, sans voids! This is no coincidence. We may think coincidences exist but they do not. As Saint Charan Singh states:

There are no coincidences . . . We call it just coincidence, but there are no coincidences.

If the following juxtaposition of BCK’s Basic Matrix with Ted Bundy’s Basic Matrix is not proof, then nothing is proof, but, of course, that’s not something to worry about. There are no accidents in this universe. Both BCK and Ted Bundy—vicious murderers—have the same 55-1 Lifepath, the same 44-8 Soul and the exact same 99-9 Material Soul! Amazing! There’s a reason for the saying, “Birds of a feather flock together,” and it seems that murderers do the same.

Crown Challenge

Heavy tension to the end

Bryan Kohberger’s Life Matrix reveals some interesting items of note. First, his Crown Pinnacle manifests a 44v-8/(9)/8 Influence Reality Set (IR Set). The Crown Pinnacle is the highest part of the LM, its energies raining down on the entirety of one’s life. Having an IR Set of 44v-8/(9)/8 is not an energy pattern of strong socialization, interaction, cohesion and social success. It’s more one of faulty connectivity. The 44v simply can’t handle the power of the 8/(9)/8 energy field.

Second, the murders were committed during the 1st Pinnacle/Challenge couplet (from birth through age 35) and his 2nd Epoch (age 28 through 54). The IR Sets of this triad are:

1st Pinnacle: 5/(9)/5: this shows dynamic change, movement, motion, detachment.

1st Challenge: 1/(9)/1: this wrecks of egocentric power, arrogance, insecurity of self and identity.

2nd Epoch: 11-2/(9)/11-2: this generates conflict and domination of others, especially females. Note that it also occupies his 3rd (Grand) and 4th (Crown) Challenges.

What is also of note is that Kohberger's killing spree was in the last eight days his 27th year. The ACPs (Annual Cycle Pattern) for this year of his life reveal the following IR Sets.

ATL (Age Timeline): 9/(9)/9: Power/(Power)/Power

UTL (Universal Timeline): 5/(9)/5: Detachment/(Power)/Loss

PTL (Personal Year Timeline): 1/(9)/1: Ego/(Power)/Ego or Action/(Dominance)/Action

Adding these components together it is clear that Bryan Christopher Kohberger was manifesting a great amount of power, ego and relationship conflict, especially associated with females. He probably felt he couldn't be touched or his crimes discovered. Ted Bundy felt the same way and his demise came by being strapped in an electric chair, which didn't malfunction. It did its job and BCK may well experience the same fate.

MURDERS – NAME TIMELINE (NTL) of “CHRISTOPHER”

Here's another interesting point. The murders were committed during his middle name of *Christopher*, which manifests a 4v/(55-1)/5 IR Set. This manifests as detachment (5), anchored in ego (1) as a result of weakness (4v). BCK's NTL of *Christopher* began at age 25 and will terminate at age 91.

MURDERS – LETTER TIMELINE (LTL) of the letter “H”

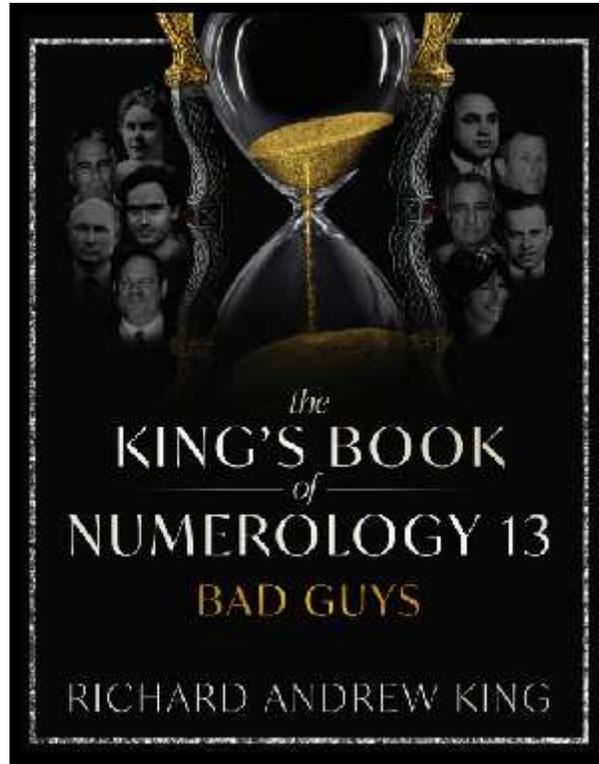

Kohberger's killing spree occurred during the “H” Letter timeline (LTL).: The IR Set associated with his “H” is 8/(55-1)/9. This manifests as engagement (8) of detachment (55) and action (1) to create an ending or termination (9).

SUMMARY

The murderous saga of Bryan Christopher Kohberger is centered in a dominance of power (9 & 99), issues of self and identity (1), disconnective socialization (44v-8), defective personal relationships, especially with women (11-2) as well as a constantly changing and mercurial life and reality (5). The 4v and 5 tandem created a marked sense of instability because of the 55-1 of change combined with the lack of groundedness and rootedness of the 4 void.

This tragic event does not speak well of this world, which has experienced violence, death, destruction and murder since the dawn of human kind. Sadly, more of the same is axiomatic.
